Secretary Gottlieb Resigns from Department of Transportation

Madison – On Tuesday, Representative John Nygren (R-Marinette) released the following statement regarding Secretary Gottlieb's resignation from the Department of Transportation:

"As Assembly Co-chair of the Joint Finance Committee (JFC), I know that Secretary Gottlieb has been a great resource for the legislature during his time at the Department of Transportation (DOT). It's no secret that our state's transportation funding mechanism has been a hot topic lately, and I appreciate all of the information and insight Secretary Gottlieb has been able to provide. As my colleagues and I move into the 2017-19 budget process, the Secretary's expertise will certainly be missed. I wish him the best of luck in his future endeavors.

"Since Secretary Gottlieb's resignation, Governor Walker has appointed the Department of Safety and Professional Services (DSPS) Secretary Dave Ross to serve as the new DOT Secretary. I look forward to working with Secretary Ross in this position and urge him to prioritize the sustainability of our transportation funding, find department efficiencies, and maximize existing resources."
